OF-1 Price list

February 18, 2009

The OF-1 license is Named User based.

A Named User license grants a single user the right to use OF-1 for development. The license is perpetual.

This includes OF-1 core, Viper, PCase and other IAP developed tools.

This does not include 3rd party tools like OpenEdge products, ActiveX or .NET controls or others.

See the OF-1 component list for details.

Price per Named User: 8000,- Euro

An additional maintenance and support license costs 20% per year.

All prices plus 19% VAT - if you live in the EU and have no IDENT-No.

Subject to change without notice.
